

## CUMMINS DENIES PRIVATE CONFERENCE

**Senator Denies Ever Having Held Private Conference with Lobbyist**

## MAKES OTHER CHARGES

**Mulhall Swears He Paid Page and Messengers Regular Monthly Salaries**

## M'DERMOTT BORROWED MONEY

WASHINGTON, July 24.—One more denial of the allegations of Martin M. Mulhall, former "lobbyist," for the National Association of Manufacturers, and one more serious charge against men close to the powers that were in Washington in the days when Mulhall was working as a political agent, marked the progress to day of the senate investigating committee through its voluminous correspondence. Senator Cummins, a member of the investigating committee, said by Mulhall to have taken him into private conference about public business, denied that he had ever held such a conference with the lobbyist. Mulhall, in letters and on cross examination, swore that he had paid the chief page of the house of representatives, the messenger to the speaker of the house, and the messenger to the house ways and means committee monthly for little jobs they did for him.

**Claims He Gave McDermott Money.** He swore, too, that he had given money to S. J. H. McDermott for eight years a member of the house from Illinois. When questioned closely by Senator Nelson, he said that this money was "borrowed" and never paid back.

A development of the day indicated clearly that the senate committee does not intend to allow the attorneys for the manufacturers to cross examine Mulhall about the charges he has made against officials of that organization and against former members of congress and men high in official life in Washington.

Another feature of the day was the activity of Senator Nelson, a Republican member of the committee who heretofore has allowed his Democratic colleagues to conduct the Mulhall branch of the inquiry almost at will. Senator Nelson today searched Mulhall's memory for particulars of many expense accounts and other matters brought into the line of the inquiry.

## Found McDermott a "Politician."

Mulhall swore that his first visit to McDermott was when he was visiting every member of congress he could possibly see about a tariff commission bill in the summer of 1909. At that time he found McDermott "a politician," later in the same year he swore he was introduced to H. E. McMichael, chief page of the house and McDermott's confidential secretary. He testified that McMichael, Henry Neal, messenger to the speaker of the house, and Harry Parker, messenger to the ways and means committee were on monthly salary by him in that year; the chief page getting \$50 a month, Neal \$30 a month and Parker \$25. The money that went monthly to these three men, he swore, was given to him in check form by Charles E. Emery, counsel for the National Association of Manufacturers.

He said McMichael knew when he employed him that Mulhall represented the association and that he realized what sort of legislation he was opposed to. Later he swore the chief page brought Mulhall and McDermott together in a Washington hotel. He said McDermott's secretary had explained before the meeting that he was a rough fellow, "a rough jewel," but that he hadn't been long in Washington and didn't understand things.

## Met Both in a Hotel.

"I met McMichael and McDermott down in a hotel," he swore, "I set up the lunch and I told McDermott I had been out in his district feeling things out."

The witness said that after his first interview he had been against McDermott strongly and had wished to have the N. A. M. fight him for re-election. He said that after the first meeting he often saw McDermott and talked with him about labor bills and other matters "of that kind."

## "Did you give him any funds?"

Senator Nelson asked.

"I didn't have a chance," Mulhall said. "He borrowed it and kept borrowing it."

## "Did he pay it back?"

"No sir."

He said he loaned McDermott money in 1910 and 1911 and in 1912 when he helped him in his fight for re-election he aided in the collection of a fund of about \$750, raised among manufacturers in McDermott's district in Chicago. He said McDermott told him many things, showed him "Gompers' private letters" and in other ways was "useful."

"He considered all these as par-

## LEAVES EVANGELIST A LARGE LEGACY

**Baltimore Man Bequeaths Money in Appreciation of Good Deed**

Six Years Ago D. S. K. Byrne's Prayer in the Rear of a Chicago Saloon Turned Toward Her Home the Daughter of the Baltimore Merchant.

CHICAGO, July 24.—David S. K. Byrne, a Pittsburgh evangelist, is in Chicago today to establish his identity under the terms of the will that will make him a rich man. The legacy is given him because his prayer uttered on bended knees in the rear of a Chicago saloon six years ago turned toward her Baltimore home a girl who had lost her way.

The girl told the evangelist her name was Lucy Byrne and that her father was a well-to-do resident of Baltimore. The two had a long talk. At its close the girl assured the evangelist that she would go home. A few weeks later he received a letter from her father telling of his gratitude.

"One thing I want to do in appreciation of your work, wrote the father. 'I want to support you in your undertakings. Help other women as you have helped my girl. Go out among them and preach. I will stand by you. And because I feel so toward you I ask that you change your name to Byrne.'

Complying with the request the evangelist changed his name from David S. Kidd to David S. K. Byrne and under that name he has worked the last few years.

Lucy Byrne died a few years after her return to Baltimore but the evangelist continued to hear from the father. A few weeks ago he learned that the man was dead. Then he was informed that a large legacy had been left for him out of the Byrne estate and that he was to be one of the executors of the will. He was asked to prove his identity at once.

For the last few days the evangelist has been taking the deposition of friends who knew him at the time he first met Lucy Byrne in Chicago. He does not know the amount of the legacy he is to get but has been advised that it will amount to many thousands of dollars.

## PACIFIC OCEAN PRESENTED TO SECRETARY OF THE NAVY

**Miniature Replica Is Presented on Silver Platter—Also Receives Gold Bathing Suit.**

Los Angeles, July 24.—The Pacific ocean was presented to day to Josephus Daniels. This was but one of the thrilling experiences of the navy secretary's trip to the beaches.

Mr. Daniels was marooned for a half hour in a launch while inspecting Los Angeles harbor. The rudder failed to operate and the secretary of the navy had some peculiar incidents with the seamy side of seafaring.

At a chamber of commerce luncheon at Long Beach he was handed the Pacific ocean, a miniature replica on a silver platter. The hosts also gave the visiting cabinet member a gold bathing suit just six inches long.

"I will return some time and take a swim in the ocean with my new bathing suit," smiled Mr. Daniels. "Judging from the way woolen manufacturers are complaining about the shortness and narrowness of women's skirts, the suit is none too small."

## Secretary Daniels Left for San Francisco to Night.

## ONCE PROMINENT AND WEALTHY ATTORNEY A DRUNKARD

**Former Leading Spirit of Prohibition Party in Wisconsin Is Now Mental and Physical Wreck.**

Milwaukee, Wis., July 24.—M. M. Riley, once a prominent and wealthy attorney here, as well as the leading spirit of the Prohibition party in Wisconsin, for many years and a candidate for mayor on that ticket, was today sentenced to sixty days in the house of correction on a charge of being a common drunkard.

Riley came here from Detroit, Mich., twenty years ago and soon after he became one of the most prominent attorneys in Wisconsin. At one time he received a retainer of \$30,000 in one case. He became wealthy and prominent in Prohibition political circles. He is now penniless, feeble, and a physical and mental wreck.

## UNABLE TO FIND ANY HEIRS.

Chicago, July 24.—An estate of \$200,000 left by William Henry Lee of the Laird and Lee Publishing company who died in this city on June 30th, is in the hands of Public Administrator James F. Bishop awaiting claimants. Efforts of public officials to find heirs of the decedent have been unsuccessful. Under the law the estate reverts to the state within twenty years if no claimant appears.

## CARLSON IN THE LEAD

Chicago, July 24.—John Carlson of Chicago continued his winning pace in the Western Roque tournament to day, defeating C. Kendall of Omaha. Carlson leads the contestants with five victories and no defeats.

## TROOPS ORDERED TO STRIKE BELT

**Striking Miners Strip Deputy Sheriffs of Their Stars**

**Deputies Offered Little Resistance as They Were Outnumbered—Strikers Force Suspension of Auxiliary Operations in Plants.**

CALUMET, Mich., July 24.—Violating orders of the Western Federation of Miners against violence, many of the 15,000 striking miners of the copper belt to day created enough disturbances to result in the ordering out of troops. There were no concerted attacks on mine property or persons about the mines, but several persons were injured in sporadic brawls. So menacing did the situation appear to Sheriff Crane that he asked Governor Ferris for militia early in the day.

While there were several outbreaks in various parts of the mining country, the chief disturbance was an assault on the deputy sheriffs stationed at the mines of the Calumet and Hecla company to protect property.

About 300 strikers armed with steel drills, clubs and stones and a few with fire arms which they fired in the air, marched to the No. 2 conglomerate shaft and stripped the deputies of stars. The strikers, meeting with little opposition, proceeded to the Hecla branch mine and divested the deputies there of their insignia of authority.

The deputies could not offer much resistance as the strikers outnumbered them, but there were many fights after the stars had been collected and several persons were severely beaten. A few men were taken to hospitals.

The strikers then surrounded all the surface plants of the Calumet company and forced suspension of auxiliary operations in these plants. The machine shops, foundries and other similar industries were closed before the onslaught of the miners. The stamp mills were not molested, but they shut down today because of the general confusion.

## Troops Are Ordered Out.

Lansing, Mich., July 24.—Two troops of cavalry, two companies of artillery and all the infantry companies of the Michigan national guard have been ordered north at once to aid in quelling the disturbances in the copper country where 15,000 miners are on strike. Adjutant General S. C. Vandercook, who late to day received orders from Governor Ferris to rush the militia to the strike zone, expects to have 2,400 men in Houghton and Keweenaw counties before to-morrow night.

Adjutant General Vandercook has sent telegrams to all the company commanders of the state militia ordering them to assemble their men and start at once for the northern peninsula. The provisions which the quartermasters' department had ordered for the annual encampment of state troops to be held at Ludington next month will be shipped north at once. Thousands of rounds of ammunition and the two field guns of the Lansing artillery companies supplied with shrapnel shells will be included in the equipment of the militia.

It is planned to keep the men in camp until the trouble is over.

## Will Pass Through Illinois

Springfield, Ill., July 24.—Permission to send Michigan militia troops through Illinois on their way to the Upper Peninsula of Michigan where striking copper miners are reported to be causing disturbances, was given the governor of the Northern state tonight by Governor Dunne. The Illinois executive wired his permission upon the receipt of the following telegram from Governor Ferris of Michigan.

"We respectfully ask permission to allow Michigan militia to pass through Illinois for strike duty in Upper Peninsula of Michigan."

The Michigan troops probably will come from Lansing to Chicago where they will entrain for Calumet.

## TESTIMONY STARTED TODAY.

Chicago, July 24.—Examination of witnesses in the federal suit against the so-called lumber trust will be started here to-morrow. W. G. Hollis, secretary of the North-Western Lumbermen's association of Minneapolis, Minn., will be among the first witnesses. The suit was brought by the government under the Sherman anti-trust act. It was charged that the association members were controlling the price of lumber by blacklisting wholesale dealers who sold directly to consumers. The lumbermen's association membership consists of retail lumber dealers only.

## FOUR KILLED IN RIOT.

Charleston, W. Va., July 24.—Four men were killed and another fatally injured to day in a short sharp battle between striking miners and watchmen employed by the Wake Forest Coal company at Wake Forest on Cabin Creek. The scene of much rioting and bloodshed since coal strike troubles started in April 1911.

## SCALDED TO DEATH.

Webster City, Iowa, July 24.—The year and half old son of Oliver Jones who lives east of this city, died to day from the effects of a scalding. The child, playing on the porch yesterday pulled a pail of boiling water over himself.

## DEMOCRATS VOTE DOWN AMENDMENTS

**Republican Senators Offer Amendments to Nearly Every Paragraph**

## MAKE LITTLE PROGRESS

**As Result of Prolonged Discussion the Senate Is Barely Started On First Schedule**

## WORKS AND WEEKS SPEAK

WASHINGTON, July 24.—Republican senators continued to offer amendments to nearly every paragraph of the tariff bill when its reading was resumed today and Democrats, in solid phalanx, voted them down.

As a result of the prolonged discussion little progress was made. Senators Works of California and Weeks of Massachusetts made the principal speeches criticizing the bill. When adjournment came the senate had barely made an impression on the chemical schedule, the first schedule in the bill.

An amendment by Senator Smoot to transfer saffron and safflower from the dutiable list at ten per cent to the free list upon which he demanded a roll call, was voted down by a strict party vote. Another amendment by Senator Smoot to increase the rate on formaldehyde from one cent to two cents per pound encountered Republican opposition when Senator Gronna of North Dakota asserted one cent was high enough because formaldehyde was essential to the farmers. Senator Smoot withdrew the amendment.

When Senator Smoot sought to restore amber gum to the free list, striking out the proposed duty of \$1 per pound, Senator Stone wanted to know why the government should not get revenue from pipe-stems made from amber as well as from tobacco. Senator Lodge protested against the proposed duty of five cents per pound on camphor and said he would demand a record vote later on an amendment to place it on the free list.

## Has Anti-Trust Policy.

President Wilson has an anti-trust policy which he will broach at the December session of congress. He has in mind a legislative program which does not necessarily involve an amendment to the Sherman anti-trust law but is said to contemplate additional statutes defining monopolies. The president has declined, however, to discuss his ideas until the tariff and the currency are disposed of.

## Stormy Session Ends.

The administration currency bill to day became the center of chaos in the conference of Democratic members of the house banking and currency committee. After a stormy session to day the conference brought up to night with an interminable vista of opinion and discussion opened up and the prospects of an agreement on the bill apparently reduced to a vague and shadowy hope.

Even Chairman Glass, champion of the bill on the house side, was about ready to abandon the idea of getting his colleagues together. President Wilson regarded the situation as so serious that he arranged for a conference at the white house to night with Representative Henry of Texas, chairman of the house rules committee who has been advising with the "insurgent" committeemen. The interview lasted until well into the night.

The conference to day was turbulent from the outset. After reopening the discussion of the fundamental feature of the bill the government control through the board powers of the proposed federal reserve board, Representative Bulky of Ohio held the floor for an hour in a rather free discussion of President Wilson's attitude toward the bill. It became apparent that the proposal to keep this board a strictly governmental institution urged by President Wilson as one of the essentials, was a point of wide disagreement. Then Representative Ragsdale presented a set of amendments practically re-writing the essentials of the bill. These amendments framed by Representatives Henry and Ragsdale represented the sentiment of the so-called "insurgent" Democrats on the currency question and provide for currency issued on warehouse receipts for cotton, corn and wheat.

Representatives Henry and Ragsdale announced their intention of fighting for the amendments not only in conference of the committee Democrats, but in the full committee the Democratic caucus and possibly on the floor of the house.

Chairman Glass said to night that at the close of the day's session he suggested the impossibility of the Democrats agreeing and proposed that they take the uncompleted bill to the full committee and try to reach an agreement with the minority members or that they take it to the Democratic caucus. The majority, however, believe they should make a further attempt to thresh out their differences in conference.

When he left the white house to night Representative Henry said he

## TURKEY BEGINS AN INVASION OF BULGARIA

**Bulgars Are Offering No Serious Resistance**

**King Ferdinand Has Protested to the Powers and Appealed for Intervention, but There Is No Sign That Europe Will Take Action.**

London, July 24.—Without declaring war and apparently trusting that the jealousies of the powers will prevent any European interference, Turkey has begun an invasion of Bulgaria. The Turks have occupied and burned villages on the Jamboli road and it is reported have pushed their reconnaissances as far as Philippolis.

No information has been received as to the strength of the forces which have crossed the frontier. Probably they are only comparatively small bodies of Enver Bey's cavalry. Some skirmishing has occurred on the frontier, but seemingly the Bulgarians have offered no serious resistance. In Vienna it is reported that the Turks have crossed the Bulgarian frontier in three places, roughly coinciding with the routes followed by the Bulgarians southward last October, namely by the Maritza and Tundja valleys as well as in the direction of Jamboli.

King Ferdinand of Bulgaria has protested to the powers and appealed for European intervention, but there is no sign that Europe will take action. It appears doubtful whether other armistices will be signed at Nish until peace preliminaries have been arranged. Both Greece and Serbia are throwing obstacles in the way of an armistice while pushing their attacks in the direction of Sofia. It is reported that Rumania has warned Serbia and Greece that if they continue their advance the Rumanian army will be ordered to occupy Sofia.

## LANDSLIDE NEAR BATTLE MOUNTAIN TIES UP S. P. TRAIN

**Thousands of Tons of Dirt and Rock Fall Cut to Height of 25 Feet, Requiring 18 Hours to Clear Tracks.**

Ogden, Utah, July 24.—All trains on the Southern Pacific were tied up for 24 hours ending at midnight to night by a landslide in a cut near Battle Mountain, Nev., which was caused by the heavy rains of Wednesday. The landslide occurred in a deep cut between Battle Mountain and Carlin, Nev., about 200 miles west of Ogden. According to the reports thousands of tons of rock and dirt slid into the cut, filling it to a height of about 25 feet. It required nearly 18 hours to clear the tracks.

The washout on the Western Pacific west of Salt Lake had not been repaired late last night. It was reported that it will require another 24 hours to clear the track.

## ROBS UTAH BANK IN EFFORT TO GET "WEDDING STAKE"

**Robert McGregor Is Captured With Bank's Gold in His Possession and Wedding Day May Be Postponed.**

Randolph, Utah, July 24.—Robbing a bank to get a "wedding stake," being pursued through the hills by a posse and finally captured with the bank's gold in his saddle bags, put an end to Robert McGregor's hopes soon to become a benedict, according to his confession.

McGregor, it was said, entered the bank of Randolph, bound the cashier and escaped on horseback with \$1500 in cash. When a posse surrounded him four hours later he threw his gun away and surrendered. The prisoner, who came here from Wyoming, said he was trying to raise a wedding stake.

## ALLEGED TELEPHONE MONOPOLY ON COAST.

Portland, Ore., July 24.—Dissolution of the alleged telephone monopoly on the Pacific coast by the American Telephone and Telegraph company—the so-called Bell Telephone trust—is attempted by Attorney General McReynolds in the civil anti-trust suit filed here today. The government charges the giant corporation and its subsidiaries with absorbing independent telephone companies to destroy competition and create a monopoly in Oregon, Washington, Montana and Idaho, in violation of the Sherman law.

## GREAT DISCOVERY OF AMERICAN SURGERY.

London, July 24.—Great interest was taken in the meeting of the British Medical association at Brighton yesterday when Sir Berkeley Moynihan, professor of clinical surgery in the University of Leeds, described the discovery by the American surgeon, George W. Crile of Cleveland, Ohio, of a method of anaesthesia whereby the area of operation could be shut off from the brain for several days if necessary. The Daily Express, commenting editorially, considers that the discovery is physically one of the greatest in modern surgery.

could not discuss his conference with the president and white house officials were equally reticent. It is expected, however, that Mr. Henry's report on the interview will play a prominent part at to-morrow's meeting of the committee Democrats.

## MRS. ELLA FLAGG YOUNG ANNOUNCES RESIGNATION

**Lack of Harmony Between Mrs. Young and the Chicago Board of Education Said To Be Cause.**

Chicago, July 24.—Mrs. Ella Flagg Young, superintendent of public schools of Chicago since 1909 announced her resignation to day. Mrs. Young gave no reason for resigning but said that her intention had been known for some time to members of the board of education. Lack of harmony between Mrs. Young and the board is said to be the cause. The board has changed complexion politically with a change of administration since Mrs. Young's appointment and she has found it difficult recently to effectuate her plans.

"I can fight for a principle, I can fight for another person, but I am too old to fight for myself," Mrs. Young said to day.

Mrs. Young is 68 years old. She has been a school teacher since 1882, president of the state board of education, president of the national educational association in 1909-11 and is one of the most prominent woman educators in the United States. Her appointment as superintendent of the Chicago public schools at an annual salary of \$10,000 was a sensation at the time. Her administration of the position has developed many branches of training here, particularly along the line of vocational education and improvement of teachers' positions.

## CIRCUS EMPLOYEES ARRESTED ON CHARGE OF ASSAULT

**Men Are Identified by Fifteen-Year Old Melba Sherman of St. Paul**

Duluth, Minn., July 24.—Ervin E. Proper, aged 28 and Frank Radigan, aged 35, employees of a circus, were arrested on the show grounds tonight by Chief of Police Troyer and handed over to St. Paul officials who want them on the charge of committing an assault, with four other men on 15 year old Melba Sherman in St. Paul when the show was there. The men were identified by the Sherman girl, who arrived in Duluth this evening. She was unable to identify her other assailants, two of whom she says were negroes.

## Pleads Not Guilty.

St. Paul, July 24.—Daniel Zeis, one of the circus employees charged with attacking Melba Sherman last night, was arrested to day. In police court he entered a plea of not guilty and is being held pending investigation. The girl told the police she was forced to accompany a negro to the spot where she was discovered by officers. Other arrests may follow.

## THINS RANKS OF IDLE MEN.

Minneapolis, July 24.—Mayor Wallace G. Nye's order to the police to assist the unemployed in Minneapolis to obtain work and those who refused jobs when offered them he expected to leave town or face workhouse sentences, today had the effect of thinning the ranks of idle men. Large numbers were shipped to railroad work in the northwest while hundreds who were not satisfied with the positions offered, left the city to escape arrest.

## AWAIT CONFERENCE WITH AMBASSADOR

**No Expression of Mexican Policy Will Be Made Until Conference**

## MAY ARRIVE SATURDAY

**Ambassador Wilson Is Expected to Arrive in Washington Friday Night or Saturday**

## FEW FAVOR INTERVENTION

WASHINGTON, July 24.—Developments in the Mexican situation to day were confined to informal discussion of suggested plans for a definite policy on the part of the American administration towards its neighbor republic.

There will be no expression of policy, however, until the conference between the President and Ambassador Wilson, which may not take place Monday as word was received at the white house to day that the latter could not reach here before Saturday night. While the plan of mediation was scouted by the constitutionalist representatives here as insufficient as they do not believe the Huerta government now in possession of the electoral machinery can guarantee an honest election the idea has been given some consideration by members of the senate and by President Wilson as pointing the way to a solution. The question of arrangements also was under discussion to day and while neither side is at present getting munitions of war from the United States, it is believed possible that a change of policy might follow the conference with Ambassador Wilson. It is thought that eventually the embargo may be lifted and both sides permitted to buy supplies subject to the risks of contraband transactions.

During the day the Democrats on the house committee on foreign affairs conferred about the Mexican situation and sounded out sentiment among members of the house generally and recorded a decided feeling against intervention and in favor of backing up any diplomatic move President Wilson and his advisers may feel disposed to make.

Further assurances that Americans at Madera are in no immediate danger was given the state department to day.

## Japan Acts With Caution.

Tokio, July 24.—The disinterest of the sudden outbreak of Mexican friendship is doubted here and the opinion is necessarily expressed by the prominent Japanese that Japan must be careful not to allow itself to be used as an instrument for the fostering of anti-American feeling in Mexico.

## The press is beginning to display bitterness and impatience over the sterility of the California negotiations.

## Enroute to Washington.

Chicago, July 24.—Secretary of State William J. Bryan spent twenty minutes in Chicago to day enroute from Iowa, where he delivered a lecture last night, to Washington, D. C.

"I am hurrying back to Washington to confer with Ambassador Wilson to-morrow in regard to Mexican affairs," Secretary Bryan said.

## Federal Reinforcements.

El Paso, July 24.—Fifteen hundred federal reinforcements reached Juarez this afternoon in command of Col. Alberto Lerrazas, ex-governor of Chihuahua. Their arrival precludes the possibility of a successful rebel assault on Juarez as the garrison is said to total nearly three thousand men now. The announcement that they will at once begin campaigning against the rebel bands near Juarez and scatter them.

## Capture Torreon.

Eagle Pass, Texas, July 24.—Official announcement was made today at constitutionalist headquarters in Piedras Nigras of the capture of Torreon, Mexico, by constitutionalists. Fifteen hundred prisoners, twenty cannons and large supplies of ammunition fell into their hands, the constitutionalists claim.

## Boat Makes Fast Time.

New York, July 24.—Although Ambassador Wilson indicated in his wireless advice to Washington that he probably would not be able to reach that city before Saturday night, the progress of the steamer Mexico on which he is a passenger, as reported by wireless here tonight, makes it likely that he can reach the capital by Saturday morning at the latest and probably by tomorrow night.

The Mexico was 240 miles from Sandy Hook at 7 o'clock tonight,

ments for the loans" Senator Nelson suggested.

"I suppose so," answered Mulhall.

"Did you look at it that way?"

"Yes sir."

**Paid "Two Party Workers."**

Late in the day many of Mulhall's expense accounts showed items of \$80 per week paid to "two party workers" in the second New Jersey district where he said the association was fighting to re-elect John J. Gardner.

Senator Nelson wanted to know who these workers were and finally pinned Mulhall down to an acknowledgment that he had given the money to a "Mr. Fenny of Philadelphia" and he didn't know where it had gone beyond that. The witness said he might have used some of the money put under this head to loan to McDermott and then made it up.

He said many of the loans were made out of his own pocket and complained that he had been a "good thing" down on Pennsylvania avenue.

In speaking of his expense accounts Mulhall said they were made out by Katie M. Mulhall, who accompanied him on all his trips. He said she was in "sense his wife" and that she had been driven insane by the campaign in the sixth New Jersey district.

One letter showed ill feeling between Mulhall and Emery and Mulhall swore that in an interview with John Kirby Jr., then president of the association he had refused to take more orders from Emery. Later letters showed a friendly feeling between the two men and Senator Nelson wanted to know why there was such a discrepancy. Mulhall explained that he and Emery were friendly enough except on matters of business.

**Lamar Is Indicted.**

New York, July 24.—The indictment of David Lamar, the Wall street operator, on the charge of impersonating an officer of the government for purposes of fraud was announced today by U. S. District Attorney H. Snowden Marshall.

The indictment was found by a federal judge several days ago but publication of it was withheld owing to the fact that Lamar was not in this federal district at the time.

Mr. Marshall said that no attempt would be made to arrest Lamar who is now in Washington until he returns to this district.

Both the late J. P. Morgan and the present J. P. Morgan, together with Mr. Ledyard, Henry R. Davison, Temple Bowdoin, Arthur E. Newbold, William Pierson Hamilton, Edward T. Stotesbury, Charles Steele, William H. Porter, Thomas W. Lamont and Horatio G. Lloyd, composing the partnership of J. P. Morgan and company are mentioned as persons whom Lamar is accused of having attempted to defraud. The indictment was the outgrowth of Lamar's testimony as a witness before the senate lobby investigating committee in the matter of the Union Pacific scandal.

Lamar told the committee of having impersonated various congressmen, including Congressman Palmer in telephone talks with New York financiers.

**TAX UNCONSTITUTIONAL.**

Spokane, Wash., July 24.—United States District Judge F. H. Rudkin, in an opinion filed today, held the Washington state law levying a tax on trading stamps companies unconstitutional. The opinion was concurred in by circuit Judge William B. Gilbert and district Judge C. E. Wolverton. The decree restrains the state officials from enforcing the law.

"The use of trading stamps and similar devices," said Judge Rudkin, "is neither more nor less than a legitimate system of advertising and those who employ that system are entitled to the protection of the constitution of the United States."

**BOOSTERS FOR  
CHAUTAUQUA****BIG DELEGATION ATTENDS  
GRIGGSVILLE FAIR**

Special Train on Wabash Carries Jacksonville Citizens and Band To Pike County—Enthusiastic Spirit Characterized Excursionists.

In a special train gaily decorated with flags and banners of the Jacksonville Educational Festival and Chautauqua, one hundred, fifty people from Jacksonville and the Jeffries Band went to Griggsville Thursday morning and spent the day at the fair there boosting for the chautauqua.  
A large number of the excursionists met at the Chamber of Commerce headquarters Thursday morning and formed a parade, headed by Jeffries Band and marched to the Wabash station where they boarded the special. The first stop was made at Chapin where a parade was formed and they marched through the business district carrying chautauqua banners. Posters and programs of the chautauqua were distributed in the business district and at the railroad station and some through the residence section. The next stop was made at Bluffs where the Chapin program was repeated.  
Arriving at Griggsville about 11 o'clock a parade was formed and the men marched around in front of the grandstand and doubled back, making quite a long procession. Through the courtesy of A. J. Pratt of the fair management, the members of the band were entertained at dinner and they played in the grand stand until 2:30 o'clock.  
At 3 o'clock all the Jacksonville people gathered for another parade this time marching down in front of the grand stand and down the "pike" carrying aloft a large chautauqua banner so that it could be easily seen by everyone present.  
The Hannibal delegation was delayed on account of an accident to their special train and they made part of the trip via automobile. They brought with them a band and advertised a homecoming which is to be held in their city this summer. Although they made no attempt at a parade the band gave a good program at the fair.  
Following the same plan as that carried out in Chapin and Bluffs the Jacksonville people distributed programs and posters at Griggsville, whenever they had an opportunity, and they placed a large number in the many automobiles and buggies at the grounds. All of the men had chautauqua badges and a large number of them carried Jacksonville pennants. The entire crowd was very enthusiastic and entered in the spirit of the occasion with a determination to advertise Jacksonville and the chautauqua as widely as possible. The band gave an excellent program of music and received many compliments.  
While on the trip quite a number of people spoke to Secretary Fritchey regarding concessions for art exhibits and a large amount of good is expected to result from the excursion. The Griggsville paper devoted quite a little space in telling about the Jacksonville booster excursion.

**SUDDEN DEATH AT HOSPITAL.**  
Martha Tomberlin Passes Away at State Institution—Coroner Holds Inquest.  
Coroner George W. Wright held an inquest at the Jacksonville State hospital Thursday night at 7 o'clock to inquire as to the cause of the death of Martha Tomberlin who died rather suddenly Thursday afternoon. Marion Taylor, a nurse at the hospital, and Dr. W. L. Treadway, were the witnesses examined and Dr. Treadway testified that the deceased had suffered an apoplectic stroke some time ago, but had recovered from it, but that she had been failing in recent months. She had been at the institution twice, being readmitted in 1905 from Industry, Ill. The jury, which was composed of J. W. Waller, C. Riggs Taylor, William Kline, Arch Norris, William Guthrie and E. G. Saye, clerk, returned a verdict that death was due to acute dilatation of the heart. The remains were removed to the O'Donnell undertaking establishment.

## AT STATE HOSPITAL

Illinois State Hospital Medical Association Close First Day of Conference.

"The Value of Charting a Pedigree," by E. A. Foley, M. D., was the closing number of the conference yesterday of the Illinois State Hospitals Medical Association at the Jacksonville State Hospital for the Insane. Dr. Foley, who is a member of the local staff of the Jacksonville institution, showed a deep acquaintance with the latest researches along the line of heredity and eugenics, illustrating with the official records of the "Nam" and other defective families, the laws upon which the transmission of mental defects are based.

In "Juvenile Delinquency and Feeble Mindedness," Olga Bridgman, M. D., of Lincoln, showed the permanent character of viciousness and criminality in the young and the relation of mental defect to wrong-doing. Her conclusions were based upon observations at the school for delinquent girls at Geneva. The third paper of the program of Thursday evening was prepared by Dr. George E. Baxter on "Broncho-Pneumonia as a Complication in the Diseases of Infancy and Childhood" and read in his absence by Dr. McLinn of Peoria. This paper was preceded by a paper by Dr. H. G. Hardt of the Lincoln State school entitled, "A Section of Institutional Economics—Coal." The discussion following this thesis was lead by Dr. George Leininger of Chicago.

The afternoon program was opened by Dr. G. W. Brock of Peoria, who presented a paper on the "Relation of Acute Infectious Diseases to the Psychoses." Among the infectious diseases treated by Dr. Brock were articular rheumatism, typhoid and scarlet fevers and epidemic influenza or gripe. "Life in Country Districts in Relation to Types of Psychoses" was presented by Dr. R. M. Ritchey of Anna and the same subject presented from the standpoint of the city was treated by Dr. H. H. Rea of Chicago. The afternoon session was closed by the paper, "Mental Factors in the Etiology of Psychoses," by Dr. Charles Riksher of Kankakee.

Today at 9 a. m. the program will be resumed. Dr. M. C. Hawley of Watertown will discuss "Mimicry in Mania." Dr. Norbury will make an address on "The Modern Thought on Prevention and Treatment of Insanity."

MAY PERMIT UNITED MINE  
WORKER OFFICIALS TO STAND TRIAL

Cases May Be Heard at October Term of Court Even Though Evidence Seems Insufficient to Prosecute.

Washington, July 24.—Attorney General McReynolds may permit President White and other officials of the United Mine Workers of America to go to trial on their recent indictments at Charleston, W. Va., for alleged violation of the Sherman anti-trust law in connection with the West Virginia coal strike, even though the evidence in possession of the government may seem insufficient to sustain the action of United States Attorney Harold A. Ritz in presenting the charges to the grand jury. The course of Attorney Ritz in bringing about the indictments without consulting the attorney general it was said, was contrary to general instructions to United States attorneys under the Sherman law. Ritz's explanation was that he had forgotten or mislaid his instructions.

If tried the case will be heard at the October term of court and by that time a successor will have been appointed to Ritz, whose term has expired.

WOULD CALL SPECIAL SESSION  
OF KANSAS LEGISLATURE

Chairman of Utilities Commission Makes Appeal to Governor Hodges.

Topeka, Kans., July 24.—Henderson Martin, chairman of the Kansas utilities commission to night urged Governor Hodges to call a special session of the legislature to pass an enabling act that will permit the cities in Kansas which are supplied with gas by the Kansas Natural Gas company to take over that company as well as its local distributing companies.

Mr. Martin made the appeal to the governor after he had read the decision of Federal Judge Marshall of Salt Lake City, made public today, to the effect that the gas company need not extend its pipe lines to new fields in Oklahoma, as directed by the utilities commission.

"If gas is not forthcoming when winter comes, there will be widespread suffering in the cities of eastern Kansas," Mr. Martin told the governor.

## EXPLOSION DISASTROUS.

Tulsa, Okla., July 24.—One man was burned to death, five of his fellow workmen were probably fatally injured and an oil well near here set on fire late today as the result of an explosion which resulted when a burning match with which, it is alleged, a youth had lighted a cigarette, came in contact with gas escaping from the well. Efforts to extinguish the fire had met with little success up to a late hour tonight.

Lloyd Malone arrived in the city this morning over the Alton from South Randolph, Wis., where he has been employed in the Prairie View Canning company. He is home for a few days.

INQUEST HELD ON BINGHAMTON  
CLOTHING COMPANY FIRE

Exact Cause of the Fire Not Fixed—Forty-one Persons Are Known to Have Perished in Flames.

Binghamton, N. Y., July 24.—Interest in the Binghamton Clothing company fire on Tuesday afternoon resulted in the loss of the lives of many girl garment workers, shifted to day to the inquest. The exact cause of the fire was not fixed. It was brought out that the fire escapes were never used in conducting fire drills; that the usual fire alarm, a succession of orderly bell taps, was not given, but that the alarm was sounded by a prolonged ringing of the fire alarm.

The lines formed, however, without disorder and the operatives marched out quickly with no crowding on the stairs. The fire escape was in good working order, but flames from the windows made it impossible to use them with safety. Each witness said smoking was strictly prohibited in the factory.

Thus far 41 persons are known to have died in or as a result of the fire.

MATT STARR POST NO 378 G. A. R. Will meet in regular session at 8 o'clock this evening in their headquarters on West Morgan street. Visiting comrades heartily welcome.

### WEST WILL PLAY EAST FOR CHAMPIONSHIP IN DOUBLES

Play Narrows Down to Semi-Finals in Singles and Finals in Doubles at Omaha.

Omaha, Neb., July 24.—Play today in the fourth national clay court tournament was narrowed to the semi-finals in singles and the finals in doubles.

In singles Merrill Hall, New York, one of last year's honor men, and Wood Armstrong of St. Paul, middle-west champion, played good tennis. The former won the first set 6-2, the latter came back strong and won six out of the nine played. After this set Hall tightened and repeated the decision of the first set. John Strachan, San Francisco, stopped the flight of R. Larnom, the Omaha boy who eliminated Roland Hoerr, Missouri Valley champion, yesterday. The first was a love set while the second went 6-2. Fred Harris, Brattleboro, Vt., beat Cub Potter, Omaha, 6-2, 6-1, and Clarence Griffin, San Francisco, defeated Drymond Jones, St. Louis, 6-2, 6-2.

In doubles Jones and Hoerr played a good game against Hall and Harris but they had to succumb to the easterners, 6-4, 6-4, 6-2. Griffin and Strachan defeated Branson and Young, South Dakota stars, 6-2, 6-4, 6-4.

The results in doubles will bring the west against the east tomorrow for the championship. Strachan and Griffin hold the Pacific coast title in doubles while Hall, paced with Hackett, won the championship at Pittsburgh last year. Harris held his eastern titles.

### WESTERN CHAMPION EVANS DEFEATED IN THIRD ROUND

Elimination of Evans by E. P. Allis III Is Feature of Day's Play.

Chicago, July 24.—Western Champion Charles Evans, Jr., was defeated in the third round of the Western Golf association championship tournament today by E. P. Allis III of Milwaukee. The elimination of Evans was the feature of the day's play in the third round at the Homewood Country club. The champion who was runner up and medalist in the national championship last year, was defeated by the Wisconsin champion on the thirty-third green 4 and 3 chiefly on account of consistently better putting by Allis who is comparatively a new man in tournament play. Warren K. Wood of Homewood survived his match with Frazier Hale of Skokie although the match went to 39 holes. Wood getting a hard won victory after the third extra hole. Robert A. Gardner of Hinsdale, former national champion, defeated A. C. Perry of Calumet 4 to 3. J. C. Le due of Calumet defeated H. W. Lockett of Homewood 1 up in 36 holes.

In the semi-finals to-morrow Allis will play Gardner and Wood will meet Leduc.

## DOING

### Not Much Difference What You Do

If you have your wages all spent by the time you get them—might as well be a slave and be done with it! Slaves get their board and clothes and a place to sleep—and that's about all the man has who only has his week's wages long enough to divide them between the grocer, the the butcher, the rent man and the coal man.

Quit working for the grocer and the others—save 20 per cent and have more in your pocket. You can do it by paying cash, and we will let you have all the money you need to start. You can pay it back a little each week or month.

### LATE DEALINGS BRING GENERAL RISE IN STOCKS

**NEW HAVEN WEAKNESS RENEW-  
ED IN INITIAL TRADING.**

Best Prices Were Scored in the Fin-  
al Hour With the Closing Strong  
—Feature Was Sharp Rise in  
Rock Island Collaterals.

(By Associated Press)  
New York, July 24.—The course  
of today's dull stock market was a  
curious medley of advances and de-  
clines, which in the later dealings  
gave way to a general and well sus-  
tained rise. Initial dealings discov-  
ered renewed weakness in New Haven.  
Some of the government issues also  
registered lower prices. As a part-  
ly offset several specialties rose four  
points.

In the early afternoon brief buy-  
ing in steel, Union Pacific Amalg-  
amated Copper, Canadian Pacific and  
Reading lifted prices 1 to 2 points.  
This was followed by a hurried cov-  
ering of shorts and considerable  
realizing for profits after which the  
market fell back to its early dull-  
ness. Best prices were scored in the  
final hour with the closing strong.  
Estimates of United States steel  
earnings for the second quarter to  
be issued next week was fixed at  
around \$39,000,000 compared with  
\$25,000,000 last year. The market  
closed strong. The feature of the  
final hour was a sharp rise in Rock  
Island collaterals which helped to  
create a better sentiment in stocks.

PIONEER RESIDENT OF  
SCOTT COUNTY DEAD

Mrs. Cyrus C. Carter Passes Away at Family Residence North of Exeter—Funeral Will be Saturday at 1 p. m.

Mrs. Julia A. Carter, widow of Cyrus C. Carter, who died Wednesday morning at 12:19 o'clock, at the family residence two miles north of Exeter, as noted in yesterday's Journal, was one of the pioneer residents of Scott county. Mrs. Carter became overheated about three weeks ago and since that time had gradually declined in health. She was born in Compton, Canada, May 10, 1834, and at the time of her death was in the 80th year of her age. Her mother's maiden name was Ruth Cogswell, who was a native of Wheelock, Vt. She married James Otis and there were six children in the family—Thomas, Samuel, Henry, Charles, Judith and Jeanette. All are deceased except Mrs. Judith Sawtell, who resides in Springfield, Mass. There was also one half-brother, Alfred Otis, who lives near Compton, Canada, and one half-sister, Eliza, deceased.

In April, 1855, she was married to Cyrus C. Carter, who was a native of Barnstaple, Canada. Mr. Carter was one of the pioneer residents also of Scott county. His parents died when he was 14 years of age and the youth went to Chicago, when that place was a mere village. After a brief stay in Chicago he came down through Illinois and reached the Illinois river and took a boat to Naples, and by stage coach went to Exeter, where for years he followed the occupation of a carriage and wagon maker. He had the honor of making several wagons that were used by parties who contracted the gold fever in 1849 and crossed the plains to California.

Mr. Carter made the trip to Canada to marry his wife and they returned at once to Scott county, where the family had since resided. Mrs. Carter often remarked that there was not a single person living in the village of Exeter now, who was there when she first arrived in the place. She was a member of the Presbyterian church of Canada, but had never transferred her membership. Mrs. Carter was a woman of lovable disposition, devoted to her family, and was ever ready to lend a helping hand to a neighbor or friend. She found great delight in her home life and was loved by all who knew her. Her passing away removes one of the pioneers of that section of the community who had much to do with the building up of its various interests.

Mr. Carter died April 10, 1911, and children surviving the mother follow: Jesse B. and Curtis C. Carter at home, and Charles C. and Scott Carter, both of Jacksonville. There are six grandchildren, Guy, Beniah, Edna and Carol Pitner Carter, children of Mr. and Mrs. C. C. Carter; Lillian H. and Lloyd A., children of Mr. and Mrs. Scott Carter. There also survives two great grandchildren, Earl and Jesse, children of Guy Carter.

The funeral services will be held from the family residence Saturday afternoon at 1 o'clock in charge of Rev. W. M. Green of Bluffs. Music will be furnished by the choir of the Exeter M. E. church. Interment will be made in Exeter cemetery.

JACKSONVILLE  
ON MOTOR ROUTE

PLANS FOR "BURLINGTON WAY" BEING PUSHED.

Road Will Extend From St. Louis to Burlington, Iowa, and Include Many Important Places—Celebration in Beardstown August 1.—Local Meeting Saturday.

If the plans succeed, which are underway, Jacksonville will be included in the motor road, which will be known as the "Burlington Way" and will extend from St. Louis, Mo., to Burlington, Iowa. For some time this way has been under consideration and already the southern division has practically been completed. Among those interested in the project is W. C. Wilhite of Greenfield, who was in the city last evening, conferring with the business men relative to the proposition.

The southern division includes all towns from St. Louis to Beardstown, as Granite City, Alton, Godfrey, Brighton, Mena, Medora. This is now the well established Alton way. Leaving Alton at a point 3 1/4 miles north of Medora the route will pass through Kemper, Rockbridge, Greenfield, White Hall, Roodhouse, Manchester, Murrayville, Woodson, Jacksonville, Virginia to Beardstown. The north division leaving Beardstown will follow the Wabasha trail from Frederick to Rushville, thence a direct course north to Macomb. It is given into the hands of Macomb citizens, whether the route will run via La Harpe or Carthage to Burlington. The Mississippi river will be crossed at Fort Madison.

The route is being marked by two white strips, with an orange strip in the center. These colors are readily discernible both in the day time and night time. The route book will soon be printed and ready for distribution.

## Celebration at Beardstown

A grand celebration has been called to take place in Beardstown, Friday afternoon at 1:30 o'clock August 1. The guests will be entertained by the Chamber of Commerce of Beardstown and dinner will be had at the Park house. A reception committee in autos will meet the delegates of the southern division at Virginia and take them to Beardstown and a similar committee in autos will meet the northern division delegates at Frederick. At this meeting it is expected to elect vice presidents from each of the towns along the proposed route.

## Meeting Here Saturday.

A meeting has been announced of the good roads committee to take place at the court house tomorrow afternoon at 3 o'clock at which time further steps will be taken to aid in this motor route and a good road attendance of owners of automobiles and other citizens is urged.

The promoters of the way have been in touch with the Blue Book people who have already signified their intentions of aiding the trail. They will send a photographer and other officials along the route about the middle of August.

The Good Roads association in Greenfield which met last night elected the following officers: H. C. Wilhite, president; Merrill Metcalf, secretary and treasurer, both of Greenfield; vice president, M. Burie, Alton, Dr. T. A. Horine, Brighton; A. L. Carter, Medora; S. E. Sanders, Kemper; O. J. Miller, Rockbridge and John Wyatt, White Hall.

Besides Mr. Brown there was in the car his wife, Miss Ada Brown of Hillsboro, and Mrs. Nannie May.

Will call no strike.

Chicago, July 24.—It was announced today that there would be no strike of 800 employees of the Aurora, Elgin & Chicago Electric road who are asking an increase in pay and improved working conditions. The company is said to have agreed to grant the men a small increase in pay and to adjust the other objections made in their complaint.

The compromise offered by the company is said to be satisfactory to 90 per cent of the employees. Two conferences between the officials of the company and representatives of the men were held to day at which the terms of the compromise were discussed.

## EXPLAIN CAMPAIGN FOR PREVENTION OF TUBERCULOSIS

Story of Fight Against Consumption Told by Experts in Work and Illustrated by Motion Pictures.

To induce citizens of Jacksonville to "lend a hand" against the great white plague and to explain the methods of combatting this great scourge, the Morgan County Anti-Tuberculosis league gave a free entertainment at Scott's theatre Thursday evening consisting of films, illustrative readings, and talks by experts on the campaign for the prevention of tuberculosis. For three hours and a half the theatre "on the square" was crowded by those who came to hear Miss Fulmer's story of the anti-tuberculosis work in the twentieth district, Dr. F. P. Norbury's talk on the economic questions arising from this disease and to see the three reels depicting how a doctor, a lover and a beautiful young lady fared in the fight against consumption. The "Irish Love Song," sung by Mrs. Abe Wehl, was well rendered and much appreciated. "The Fence and the Ambulance," read by Miss Jeanette Taylor, cleverly defended the "fanatics" who believe "that prevention is better than cure."

The first entertainment began at 7 o'clock with the motion picture story of old Doctor Fogg and young Doctor Fogg. It showed the failure of old methods of medical treatment and the final withdrawal from practice of the old physician after the demonstration of the superiority of the new way by young Dr. Fogg. The second reel, "A Curable Disease," told the story of a stricken linotype operator. Despairing of recovery he takes leave of his sweetheart and leaves for the west, but is saved in Union Printers' Home in Colorado Springs and after many mishaps "lives happily ever after." The immense good the sale of the Christmas stamps may do was graphically set forth in the third reel, "Hope—A Red Cross Seal Story." The film, as well as a portion of the literary entertainment, were given twice. Dr. R. O. Post of the Congregational church presided throughout the entertainment.

**Economic Phases.**  
The economic aspects of tuberculosis were treated in a scholarly address by the state alienist, Dr. F. P. Norbury, formerly of Jacksonville. Dr. Norbury said that the question of this disease was of great interest to him as the social conditions which give rise to tuberculosis are prolific causes of the ailments in which he specializes, diseases of the mind and nervous system. He showed the enormous poverty and waste resulting from the wide-spread prevalence of tuberculosis and the necessity that society rid itself of the burden. The large portion of the wealth of a community is used for the rearing of the young. The economic loss from the needless death from consumption of but a few of the nation's youth is almost incalculable. Public officials should realize their duties and the dignity of their service and do their work with utmost conscientiousness. Each one should realize the value of a life to the community and to his associates and the economic loss from untimely death from any cause whatever.

**Miss Fulmer's Talk.**  
Miss Harriett Fulmer, extension secretary of the Illinois Anti-Tuberculosis league told in an interesting way of the work of organizing against this disease in the twentieth congressional district. She told of the work in various parts of the state, the ways in which Illinois is lacking in the treatment of tuberculosis and what is needed to bring our own state to the front in this great work of practical charity. She emphasized the inadequacy of private charity and the necessity of state action, especially with regard to the looking after the health of the children in school, in the country as well as in the city.

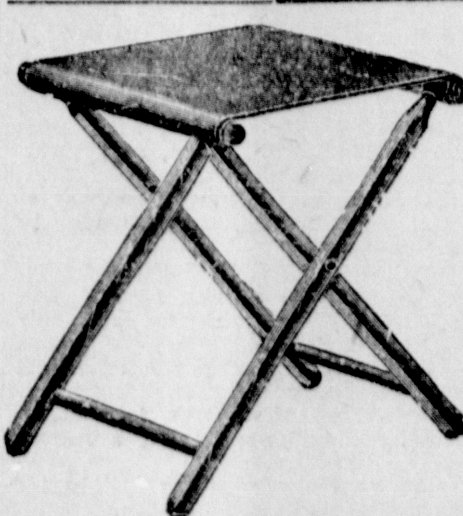

She closed her address by explaining a number of well chosen stereotypical slides illustrative of anti-tuberculosis work. The slides included a number of doctors prominent in the combating of consumption, as Dr. Robert Koch of Germany, Dr. George Webster, president of the Illinois board of health and Dr. W. A. Evans of the health department of the Chicago Tribune. The pictures of the methods of treatment in tuberculosis camps, of the outdoor schools or "Waldschulen" of Germany and of how tuberculosis may be treated at home were among the remaining slides illustrating this progressive battle against the terrible but curable disease, consumption.
